

INSPIRING THE NATIVE TRADITION OF GIVING

Potlatch Fund is proud to offer grants in support of language preservation and documentation efforts, educational enrichment and Native youth programming, and the professional development of Native educators. Language provides connections to our culture, history, and traditions and yet, with only limited numbers of fluent speakers, too many of our communities are at risk of losing their language.

Five grantees in Washington, and Montana received a total of \$22,500 with funding provided anonymously.

The Potlatch Fund Board of Directors and Staff raise their hands to all those working to preserve and revitalize Native languages and foster the inclusion of cultural identities.
